Nuts tests It the Olympic torch route!

Doing our bit for London 2012!

FROM LAND'S End to John

O'Groats, the Olympic torch is currently snaking its way

around the UK's towns and cities before finally showing up for London's big bash in July.

Looks pretty tricky, this "running 100 metres with fire" malarkey, so we thought we'd test the route ourselves - basically figuring that if a Nuts berk could get round a bit of it without going up in flames, anyone could.

We caught up with the relay and took our own ample-bosomed athletes – Jess, Lacey, Emily and Sabine – along for added security. And what a reception we received!

TORCH Singer!

The Voice Judge Will.i.am carried the torch through Taunton in Somerset Jast week.

Cameron joined in too!

A quick word with Kelly Brook

Straight from the Cannes Film Festival!

Hi Kelly! You're in Cannes to promote Keith Lemon: The

Film. What's your character?
I've been playing me. I'm
doing some serious method
acting. I've been living the
actor's dream after all those
years in Hollywood. In
Hollywood I wanted to be
a film star, or a Bond girl.

What made Keith cast you?

Keith said it was easy to cast me as I'm the woman of his dreams. I'm evil in the movie. I was the one requesting all the nudity, and I actually added more nude scenes. It's a perfect Christmas Day movie with all the family round. Warm and fuzzy in areas and warm and sticky in others.

Who's Keith playing?

Keith plays a billionaire.
His favourite billionaire's
Richard Branson. Though
probably Bono's everyone's
favourite now. I think he's
a billionaire since Facebook
floated last week. Keith says
Bono still wears that scruffy
sh*t jacket though, so that's
why he's not his favourite.

COMING TO Keith Lemon: The Film, co-starring Kelly, will be in cinemas from 24 August.

What would a billionaire like Keith buy you? A boob job? I hardly need a boob job, do I? Keith said I would just be t*ts with legs if I was any bigger! There are lots of girls showing big boobs out there on "La Croisette" [Cannes' main street]. It must be like a jungle with all those boob jobs.

Who would you really want to act opposite?

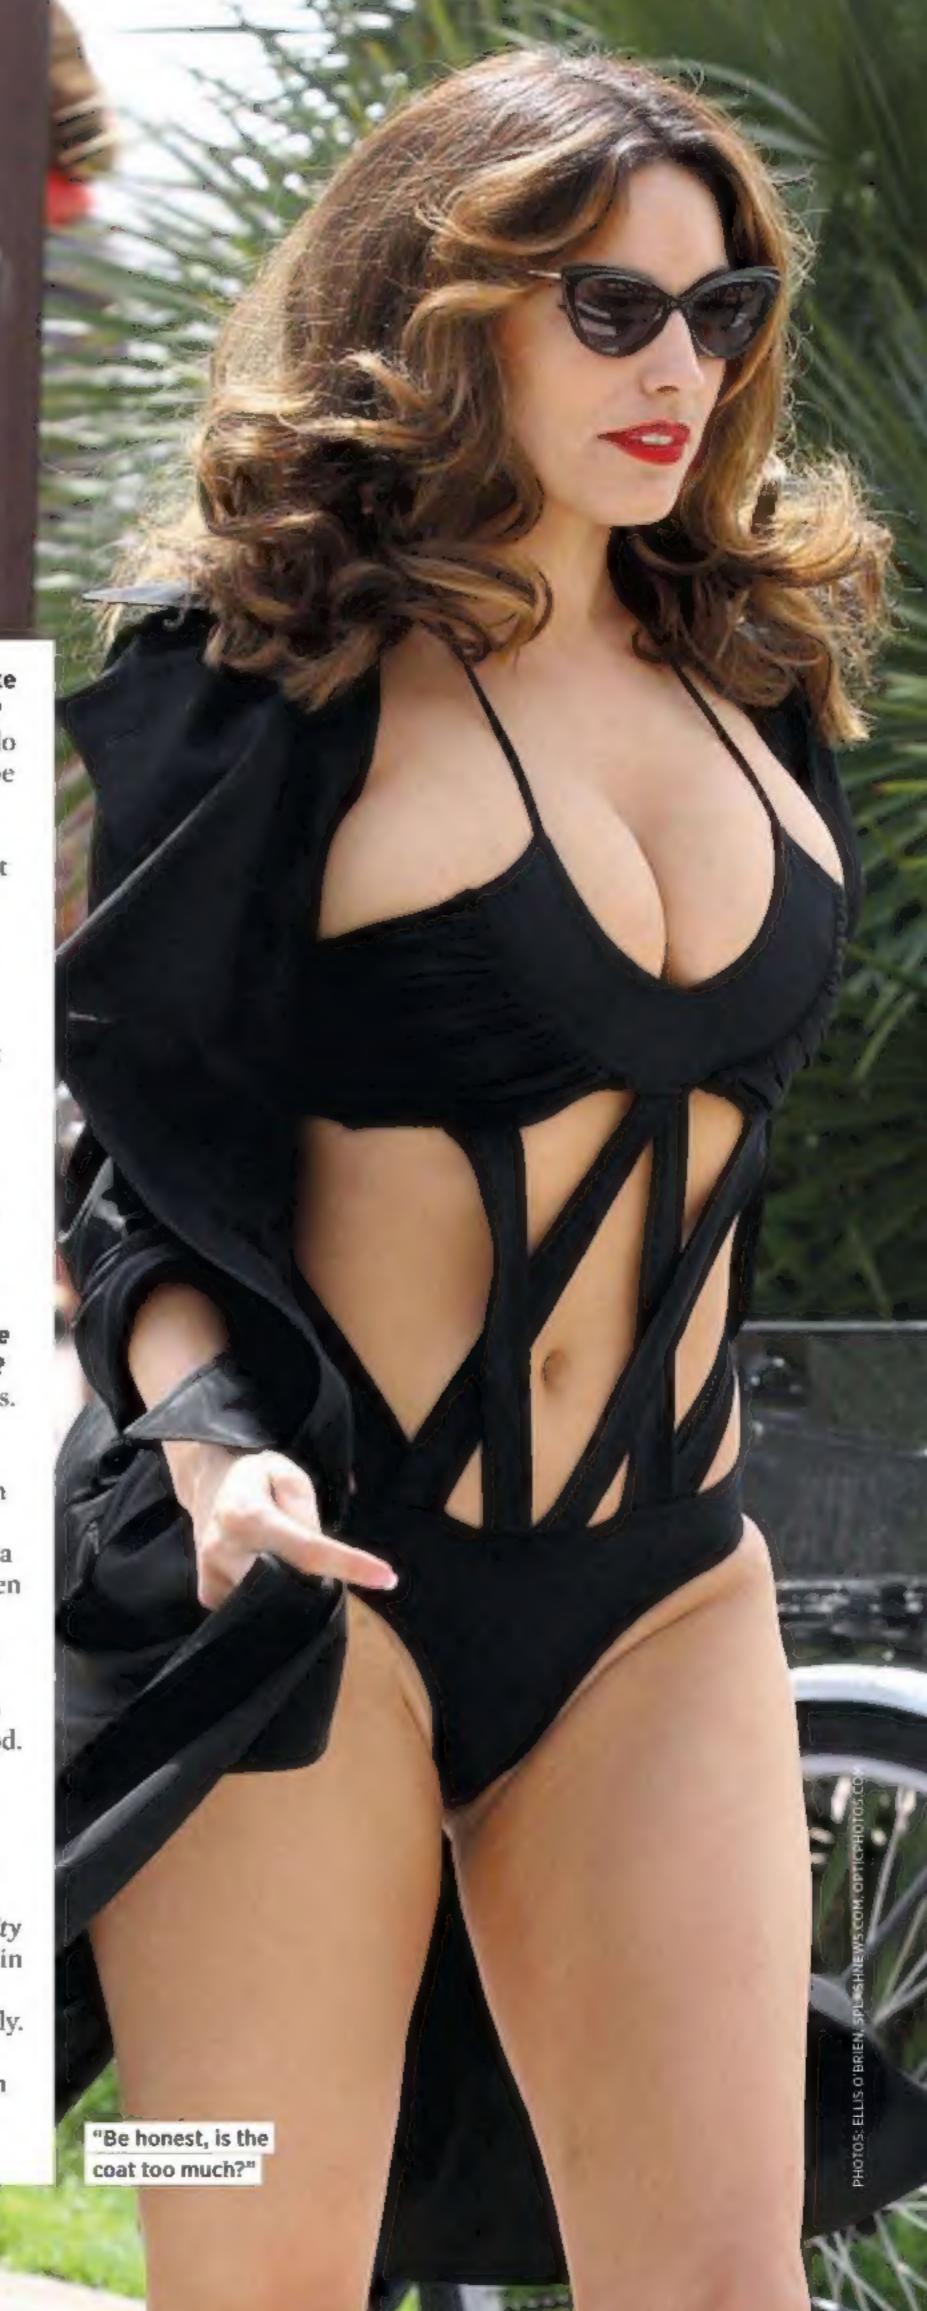

Ben Stiller or Will Ferrell would be my two main choices. I'm a huge fan of Mike Myers and Samuel L Jackson too, so they'd be really cool to act opposite.

Didn't you once present The Big Breakfast from Cannes?

No, that was Melanie Sykes. I came here a few times before though, like for Fishtales – an amazing film that I was in. It wasn't as rude as it sounds. I played a mermaid. But I haven't been here for a couple of years and everyone paps you, so you have to be in tip-top shape and avoid eating too much of the wonderful food.

Do you think there'll be a sequel to the film?

Keith calls this his "Loose Origins Story" before he became a whore on Celebrity Juice. I'm getting replaced in the next film by [Corrie's] Michelle Keegan apparently. Or maybe that's just a threat. I'm an older version of Michelle, apparently. More experienced.

THE TARGET! His target – a strip of cardboard boxes – is nearly a mile away, and looks alarmingly small.

Parachute-free stunt jump!

No chute? It's OK, he's wearing a helmet!

certified softin-the-head
stuntman Gary Connery
decided to try a very silly
thing: go 2,400ft up in
a helicopter, then jump
out of it. Without pulling
a parachute of any kind.

He was fairly confident that a big pile of cardboard boxes would soften his landing enough for him to, you know, not get spread across the Oxfordshire countryside like jam on toast. This is how it went...

SLOWING DOWN!

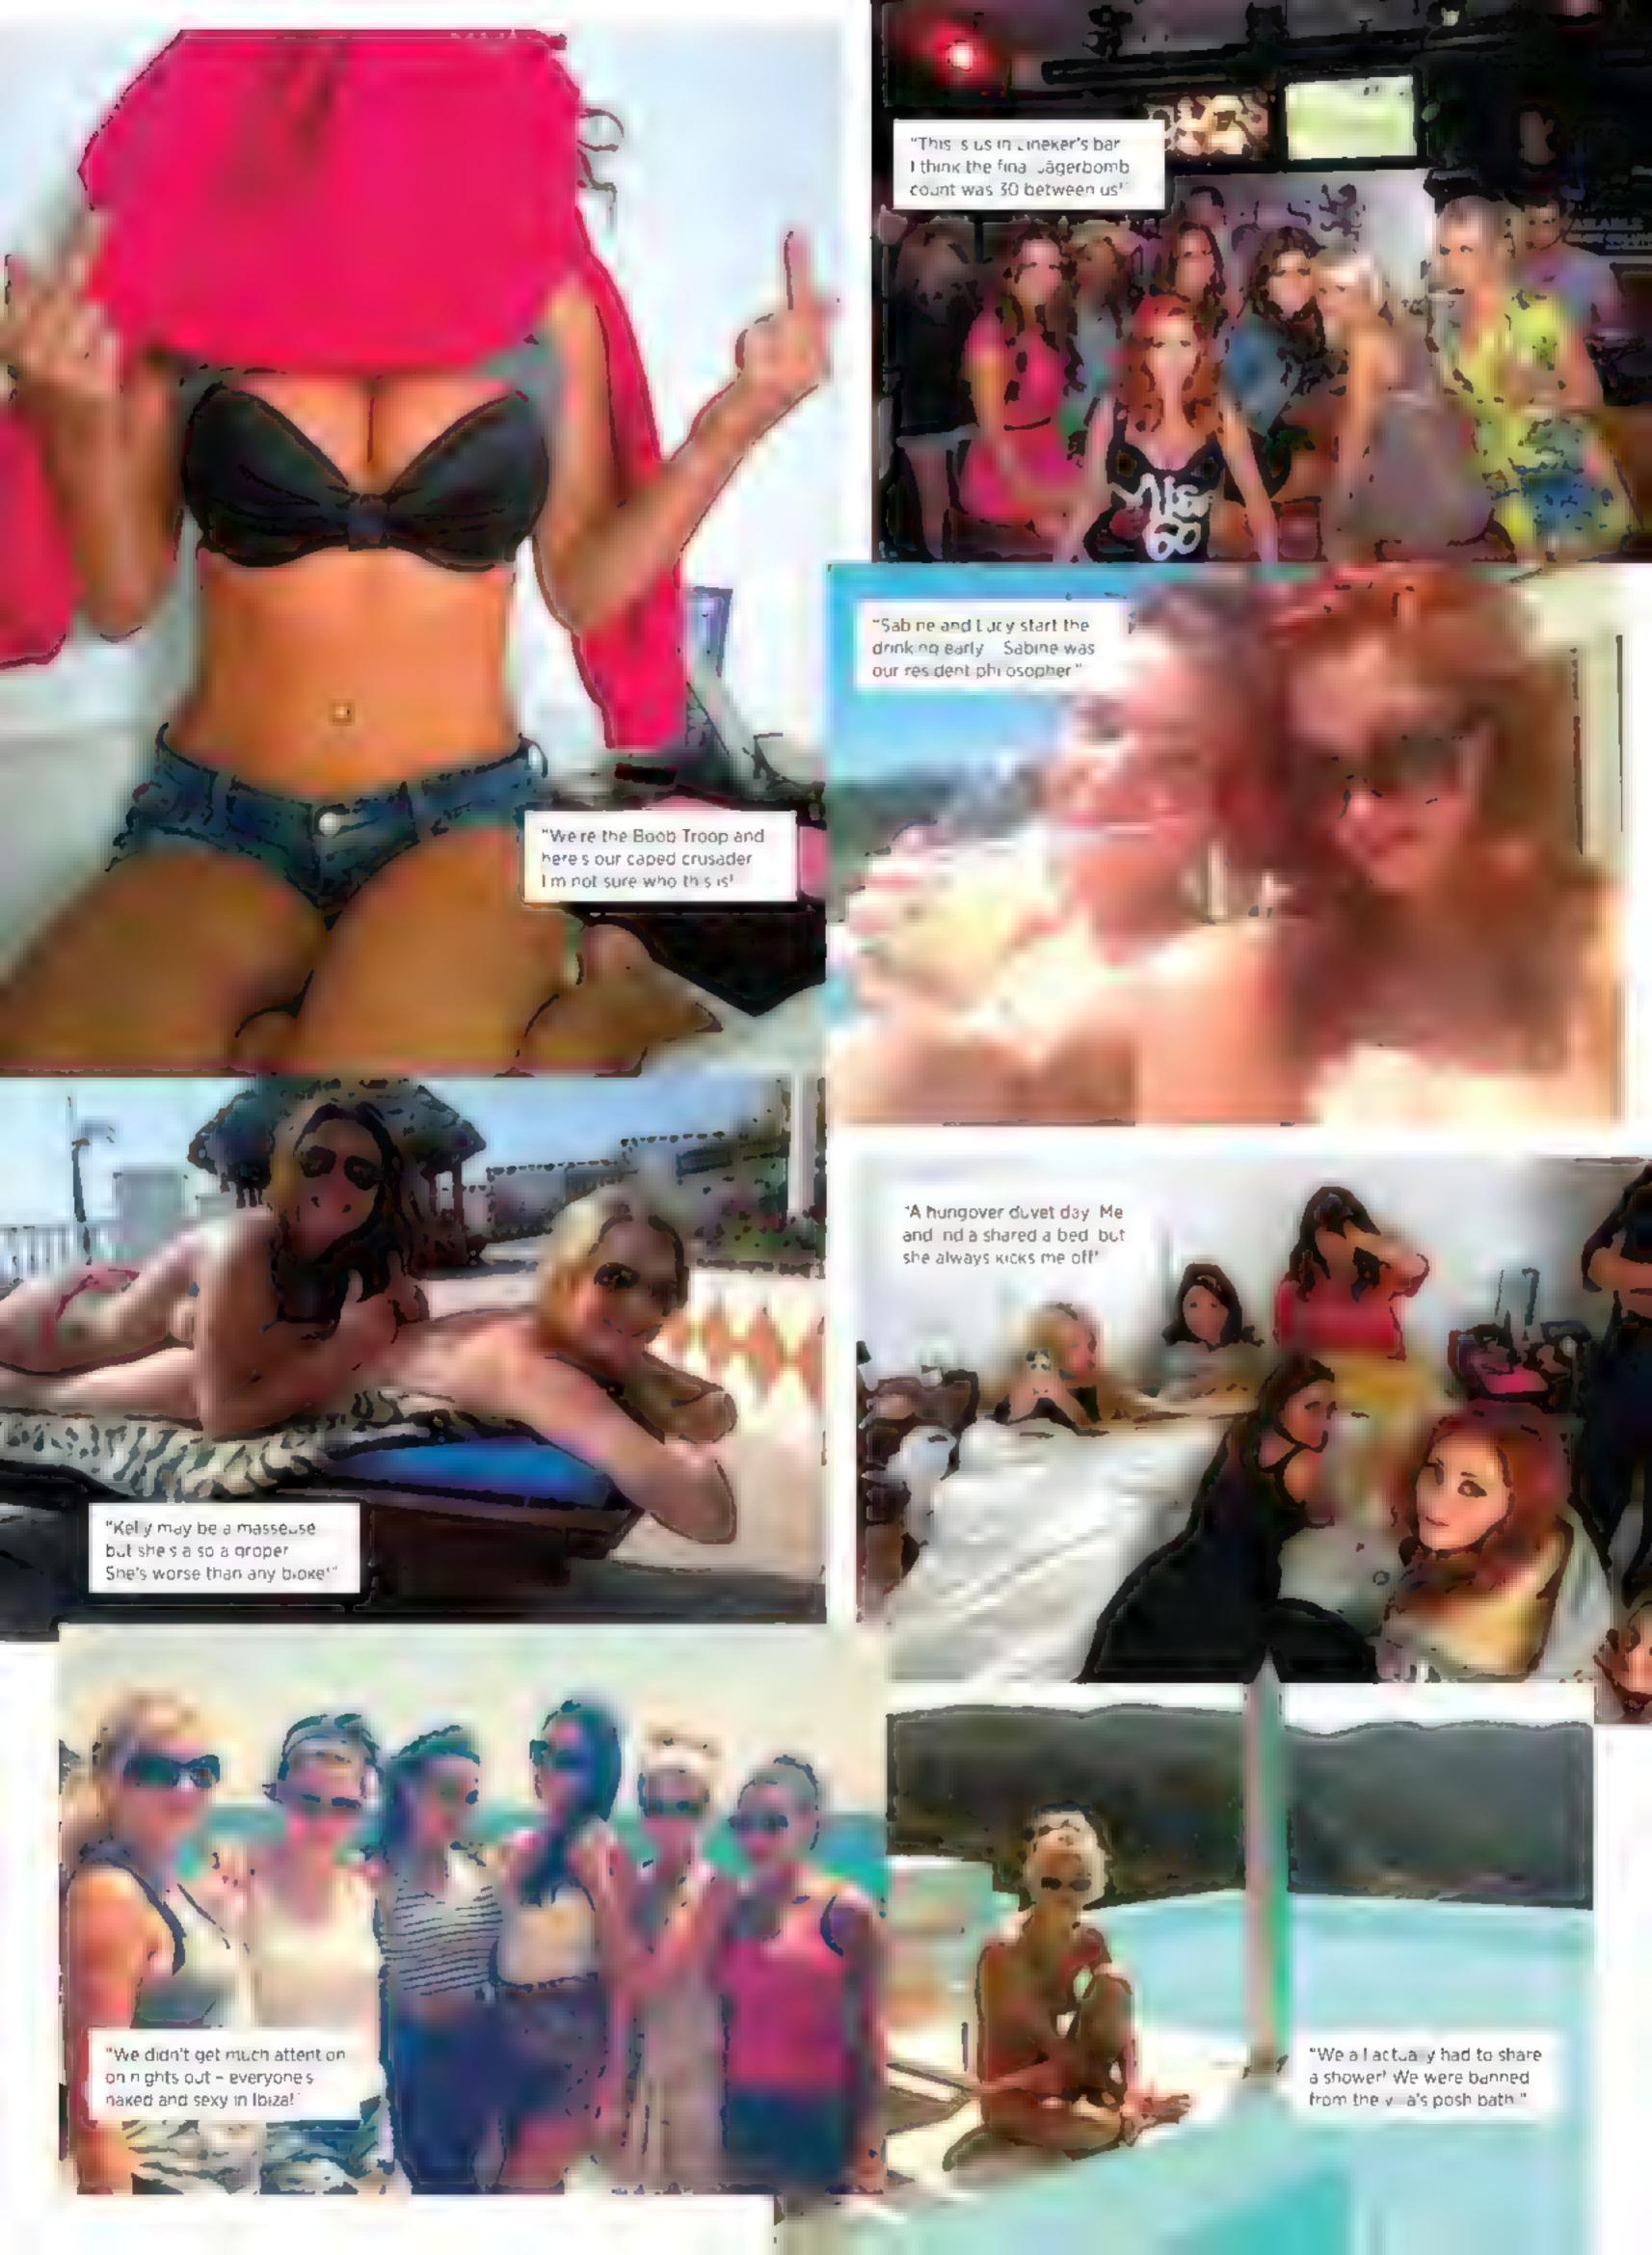

Gary uses his wing suit to slow from around 80mph to the much "safer" 60mph.

The box stack is 350ft long, 50ft wide and 12ft deep. Hopefully, enough to land safely on.

WALLOP!
There are over 18,600 boxes in the stack, designed to break Gary's fall and decelerate safely.

rescue helicopter landed on the beach at the small fishing village of Winterton-on-Sea. Norfolk, last week, stunned holidaymakers expected some Casualty-style drama. Instead, they gawped as one of the crew rushed into the Winterton Dunes Beach Café and emerged with some choccy ice creams.

"They bought three Magnum Classics and one white chocolate Magnum," explained café owner Carmel Shiggins.
"People were asking what they were doing, was there an emergency? And I said, 'No, they came in for ice creams.'"

"This isn't a routine occurrence but the crew weren't breaking any rules," explained an RAF spokesman. Between mouthfuls of choc ice.

I'm a cheat!

I cheated on my lady last week. There's a girl who gets my train every week and we always sit and chat. Last week, though, our train was stuck on the track for ages and we ended up getting quite drunk in the buffet car. One thing led to another and we ended up having sex in the toilet. I feel so ashamed and the guilt is killing me. It was a total one-off but should I tell my other half?

You must've been drunk to have sex in a train toilet. Did you wear a condom? Have you been checked out at a clinic? If you get the medical all-clear, put the incident out of your mind. If not, you have some explaining to do.

had her boobs, face and lips done! She thinks she looks great and says it gives her confidence, but she's starting to look too fake for my liking. I'm worried I can't make her stop – what should I do?

DD

This is a female thing, I'm afraid, and some women don't know when to stop. Try to reassure her that you like her au naturel, but if she persists with the surgery, at least get her to have her vagina muscles tightened as well!

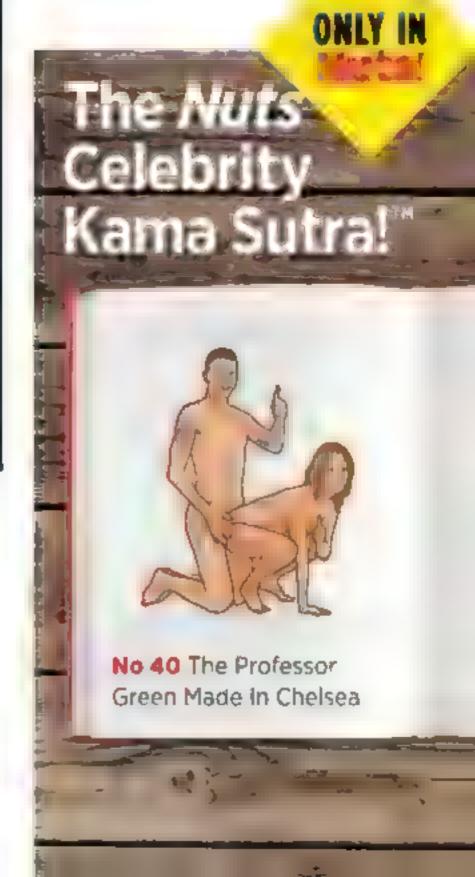

If all else fails, suggest that she gets a job as a mannequin in a ladies' clothes shop.

Her feet stink!

My girifriend has really smelly feet - how do I tell her? MEL

I think it's OK to discuss it with her as long as you're diplomatic. It is, after all, in her best interests. I presume it's just her feet and that her downstairs area, bottom and armpits are all fine? If so, it may not be a lack of personal hygiene that's to blame but a foot condition. Ask at your pharmacist for an appropriate remedy and you'll soon be sucking her toes with gusto.

On Ill Manors, Ray Winstone and David Cameron ...

I Plan B! Your new film III Manors is properly intense. Is it based on your own experiences? Large parts are based on my life - it's even shot in the area of East London where I grew up. The initial plan was to make a short film about a crack whore, totally based on a true

story, about a drug dealer I knew who was punishing a girl for losing his phone. It wasn't meant to be a feature until I played it to Noel Clarke, who encouraged me to explore other characters - that's when Ill Manors was born.

What reaction did you get filming on the streets?

We had a few hairy moments but some of these kids have... never left their postcode, so they're rightly passionate about the area they live in. I went over and talked to them with respect, and they respected us in return. It's a lack of respect that often causes problems. That's part of the reason the London riots kicked off last summer. We pre-empted that frustration in Ill Manors.

If you were in David Cameron's shoes, how would you stop future riots?

I'd never be in Cameron's shoes because politics is bullsh*t. Nobody benefits from the propaganda, there's too much red tape and they're not living in the real world. I've been working at my old school, Tunmarsh Centre, which is where kids in East London go when no other schools will take them. I was excluded from school and wound up there and it pains me that the same stumbling blocks are in front of kids 15 years on.

Did you vote in the recent London Mayoral election?

I didn't as I wasn't in the country. But we represent ourselves as human beings in this city, and no Oxbridge graduate in a suit is gonna represent London. No matter who's Mayor, he ain't benefiting those on council estates - that's down to the teachers and role models who see these kids every day.

Your new film and album are pretty gloomy. What do you do to cheer yourself up?

Ill Manors is a film about negative things, but for me it's positive because it's

showing the reality of what goes on. If we don't appreciate, confront and discuss negative things, how are we ever going to improve them?

Are you worried about scaring away old fans with all this serious stuff?

I am who I am and I don't give a f**k who I alienate. I don't do this for money or fame or any of that sh*t. I do it to express myself the way I want to. The general public don't own me. I ain't gonna be a prisoner. What's all this commercial success worth if I'm not staying true to myself?"

What's in your pockets right now?

I've got lyrics written down on pieces of paper, my Visa card, chewing gum and my house keys - I travel light.

Who's the most famous person in your phone book?"

Probably Ray Winstone, who I met while filming The Sweeney. Not only did I work alongside him, he took me under his wing and invited me to his house. I now consider him a friend.

What do you and Ray talk about?

Music, films, football, youth culture. He's says he doesn't get kids these days and I help him understand. I've got so much love for the guy.

You lost loads of weight for your role in The Sweeney. Now you've wrapped filming are you enjoying a blow out?

I'm not as militant as I was but I'm staying in shape. Back then I was on no carbs, no dairy products, no sugar, no alcohol, none of that. Now, if I want to go for a few drinks I will. I miss working out, but I did one gym session the other week and it ruined me.

Do you ever fancy just turning up unannounced to a rap battle to see how you'd get on?

You have to train your brain to think quickly. I appreciate it as an art form sometimes I'm a little bit envious of it.

Who'd win a battle between you and Example?

I don't know, man. I think rappers are either good at off-the-cuff battling or good at written stuff, and I fall into the latter category. Only rare geniuses like Eminem have strengths in both disciplines.

Your advert for Bulmers is on telly all the time. 🗻 🕾 Do people offer you cider when you're out?

People might think I'm a sell-out but I don't endorse anything I don't like. I drink Bulmers so that's why I did it. Thing is, that ad was filmed three years ago when I was 14 stone and I look like a fat idiot. Hopefully when The Sweeney comes out, my new svelte figure ~ will have more of an impact!

 Pian B makes his d rectorial debut with gritty crime thr ller 🚜 III Manors, in cinemas from 6 June.

H

i Stacey! How does it feel to be presenting our 100 booby babes list? Hello! Wow, it feels amazing!

It's such an honour as there are so many girls with amazing boobs, I can't actually believe it's me presenting them. Just as well I love boobies. Ha-ha!

Who would make it onto your list of booby beauties?

I could reel off loads. I've seen so many boobs and they're all beauties. If I had to choose, it'd be Lucy Pinder, Sabine, Lacey Banghard, Nicole Neal and India Reynolds.

When did you last see some really great boobs on TV?

That would have to be the other weekend on *The Voice*. Holly Willahooby has huge, gorgeous boobs. She really does her name justice. She's very hot indeed.

Is it obvious when guys look at topiess girls on the beach?

Yes! It's so obvious, but it's not our fault there are gorgeous girls with huge boobies, I rub cream all over mine to see what people who are looking do. That gets them flustered!

Do your boobs ever get you into trouble?

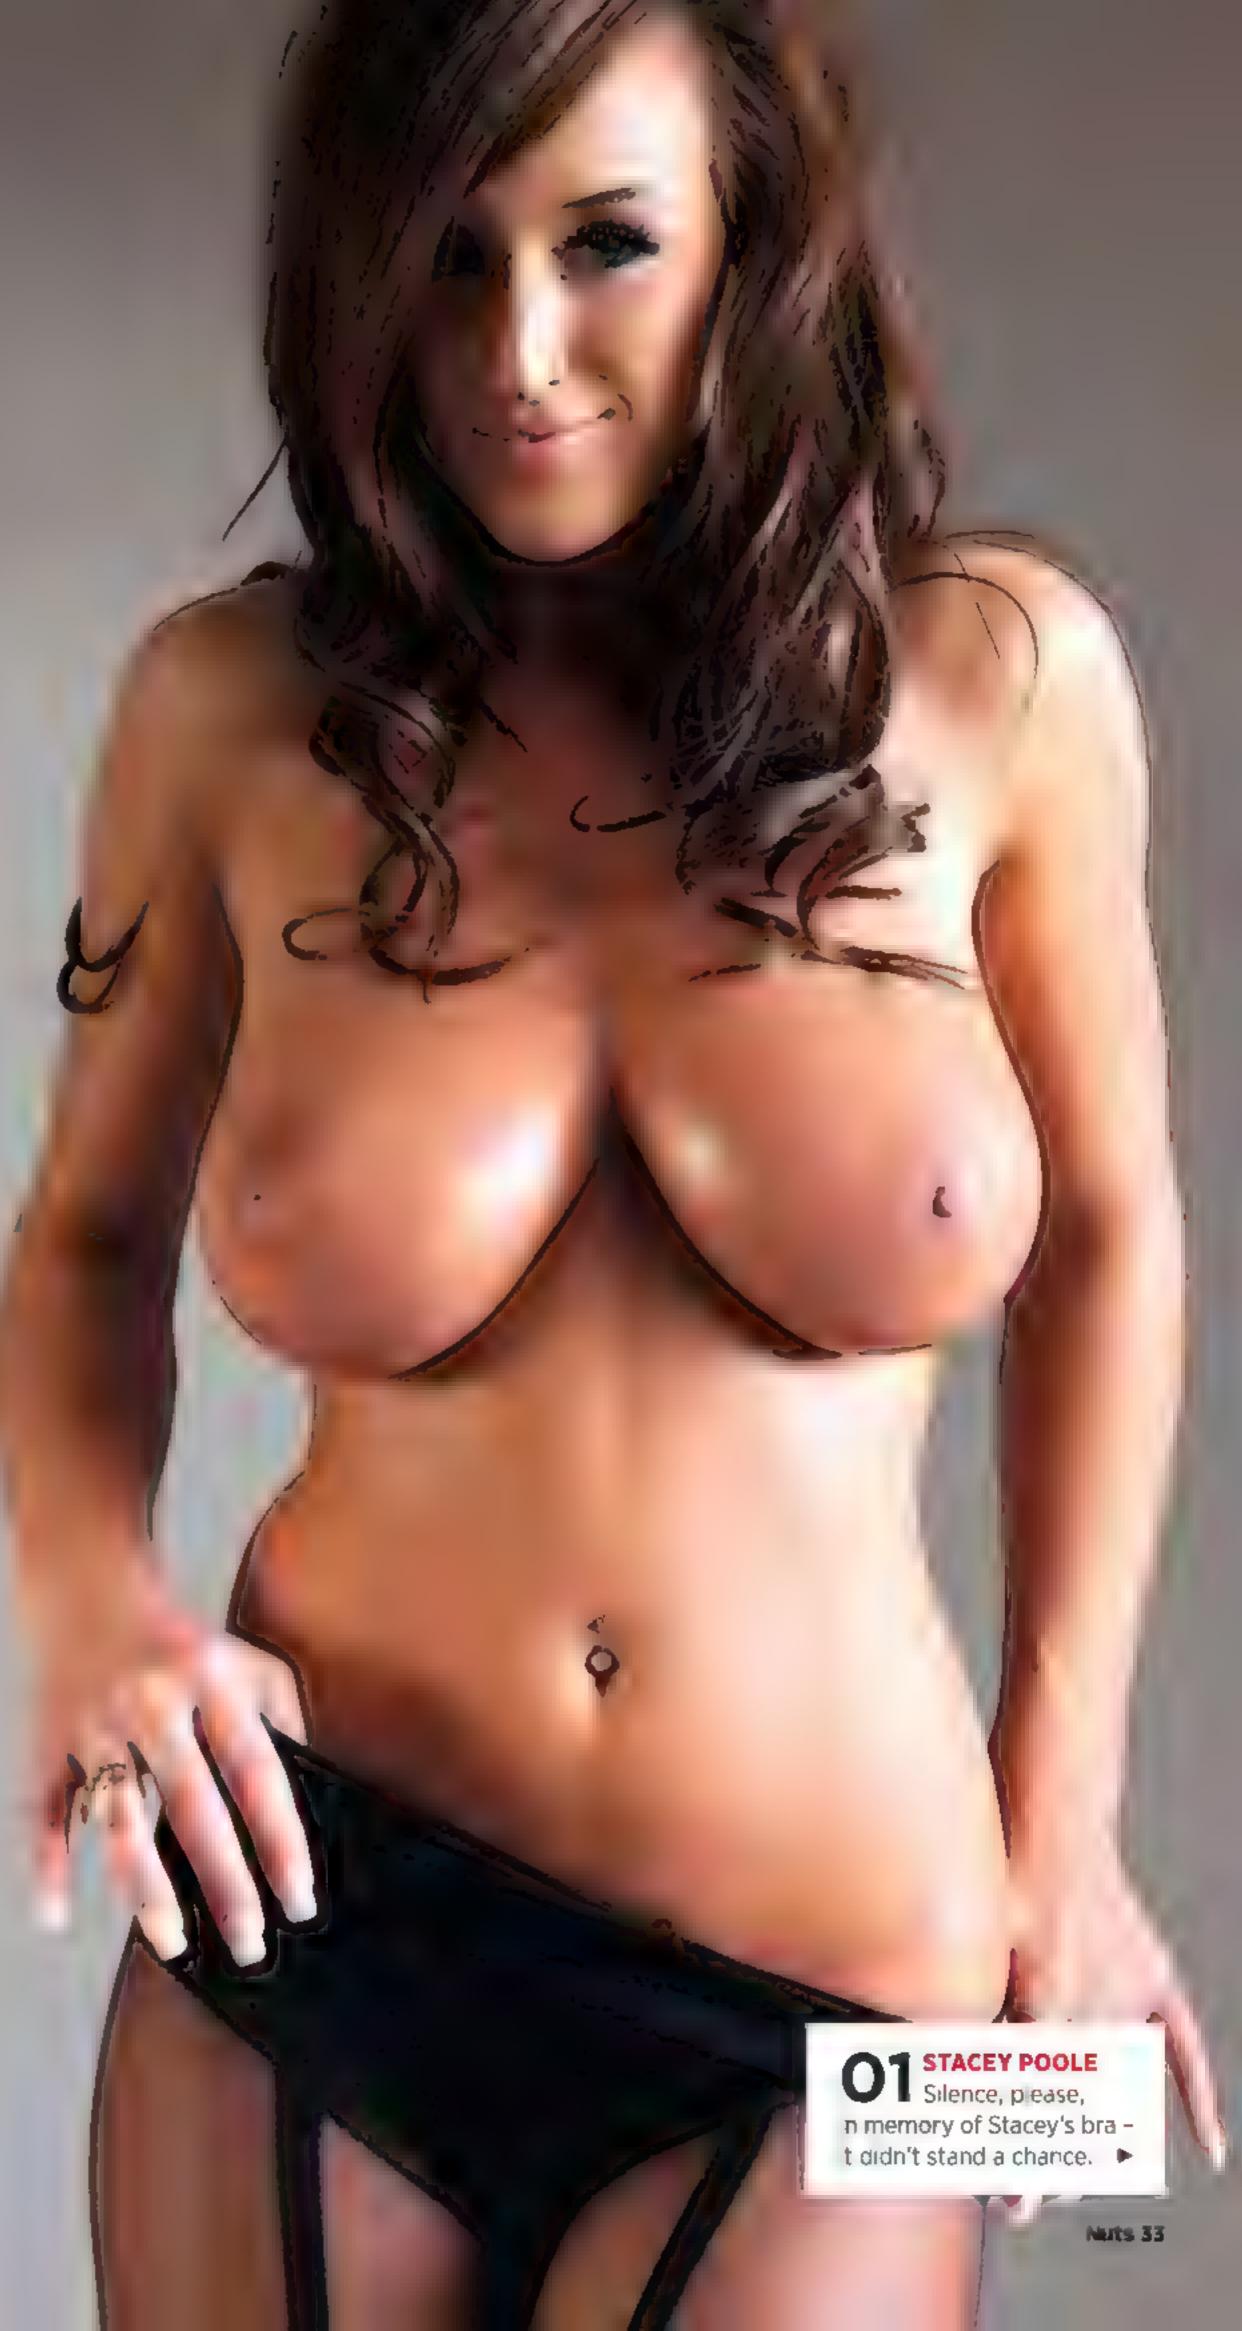

Ha-ha! Always! I blame them for everything – they clumsily knock things over and bash into things.

Do you use them to your advantage?

You have to, That's what they're for – to be used and shown to the full, They're like puppies – you must give them freedom to play.

Lovely! Finally, have you ever named your boobs?

I think of them as twins but with different personalities. One loves the spotlight and popping out to show off. The other is more reserved and takes warming up. But they work and look good together!

CHANNEL 4/HD . 10pm

Homicide detectives Sarah and Holder continue to pick away at the murder case, questioning a suspect's family and neighbours. Meanwhile, victim Rosie's funeral takes place, and her dad Stan decides to take matters into his own hands. Blimey, all this would have been done and dusted weeks ago if it was CSI!

Quarles takes desperate measures to reassert himself tonight. We're big fans of this slick Yank cop drama, which stars Timothy Olyphant as ridiculously cool stetson-wearing US Marshal Raylan Givens. Racy revelations from our female readers!

'I pulled down my towel'

I STAYED at my best friend's house after a night out, and was a bit worse for wear. While she went out to buy the food for a fry-up, I took a shower. I thought I was alone so I walked straight out in a tiny towel, singing, and bumped into her attractive brother, who I fancied. My towel didn't cover much and he was staring at my huge boobs, so I pulled it down to reveal a nipple. I could see his erection growing and he grabbed my hand and took me to his room. He kissed and caressed every inch of me with his tongue and fingers, giving me the most intense orgasm – then we heard the door go so I ran back to my friend's room. She doesn't know to this day! Eileen Coventry

'My best ever birthday'

ON MY 21st birthday last month, a big group of us went for a girls' night out in Manchester. We had to share rooms, three to a room.
All night, one of my roommates who is known to like
girls as well as boys, kept
giving me signals – stroking
my hips and grabbing me by
the waist. After a good few
cocktails, we were snogging

and she discreetly rubbed me down below. I was really turned on and wanted to carry on, so I grabbed her hand and we went back to the room. She was going down on me and I could barely hold in the noise of my orgasms. I remember thinking it was the best birthday ever, and then our other roommate walked in and stood there, shocked, watching us for a good five minutes!

'We played on the doorstep'

MY BOYFRIEND and I had just started going out and he was taking me back to his parents' place to meet them for the first time, but we'd arrived early and they weren't home. His parents live next to a busy roundabout on the ring road and it was still quite busy when we got there. He has a bit of a thing for public sex, which gave me a kinky idea. Before we went in, I grabbed him and kissed him and soon we were really snogging. Before long 1 could feel his erection harden against me, I brushed over it with my hand and he moaned with pleasure. Then I reached down, unzipped him and started playing with him. I looked into his eyes as I pumped his rock-solid shaft between us. Then I bent over and took him in my mouth, right there on the doorstep! Anon by email

'I gave her a sexy lesson'

TO CELEBRATE my friend's birthday, a group of us decided to rent an apartment in Bristol and have a crazy night out. We settled in and showered. ready for the night ahead. The drinks started flowing and, as usual, the questions about me being a lesbian began. I decided to let the group discuss who they would turn lesbian for a while, while I had a fag on the balcony. Soon, the birthday girl followed me out and told me she didn't understand lesbian sex. As I was explaining, she started kissing me, so I pushed her up against the wall and let my hands wander up her skirt. She moaned loudly while writhing against my body and came within minutes. I think I answered all her questions on lesbian sex! **Bex Cheltenham**

Where's the strangest place you've had sex?

"I went to Thorpe Park and we got so excited by the rides that we couldn't wait. We found a quiet space in a nearby field!"

What's your trademark move in the bedroom?

"The 'canine coupling', which is a special version of doggy-style."

What really turns you on?

"I like someone who's a gentlemen in public but rough and ready in the bedroom! And I do love a man with tattoos – I have a few cheeky ones myself."

What's your favourite position?

"The 'titillating trapeze'

– for ladies, it allows us to watch the man in action.

I like my men to show me what they're made of!"

5 is it better to give or receive?

"A little bit of both! I enjoy giving as I like to keep my men interested and keep the excitement alive. I like to try new things - maybe some strawberry sauce on different parts of the body!" 6 What one thing would you really like to try but haven't yet?

"Sex in a hot tub, or a luxury swimming pool, maybe on some hot island, where you can be all hot and sensual. As I'm single, I should get booking those summer holidays. You never know what might happen!"

7 Ever got it on with another girl?

"Yes, just a few kisses.

I don't swing both ways but there's nothing wrong with a bit of experimenting!"

8 What's your favourite role-playing costume?

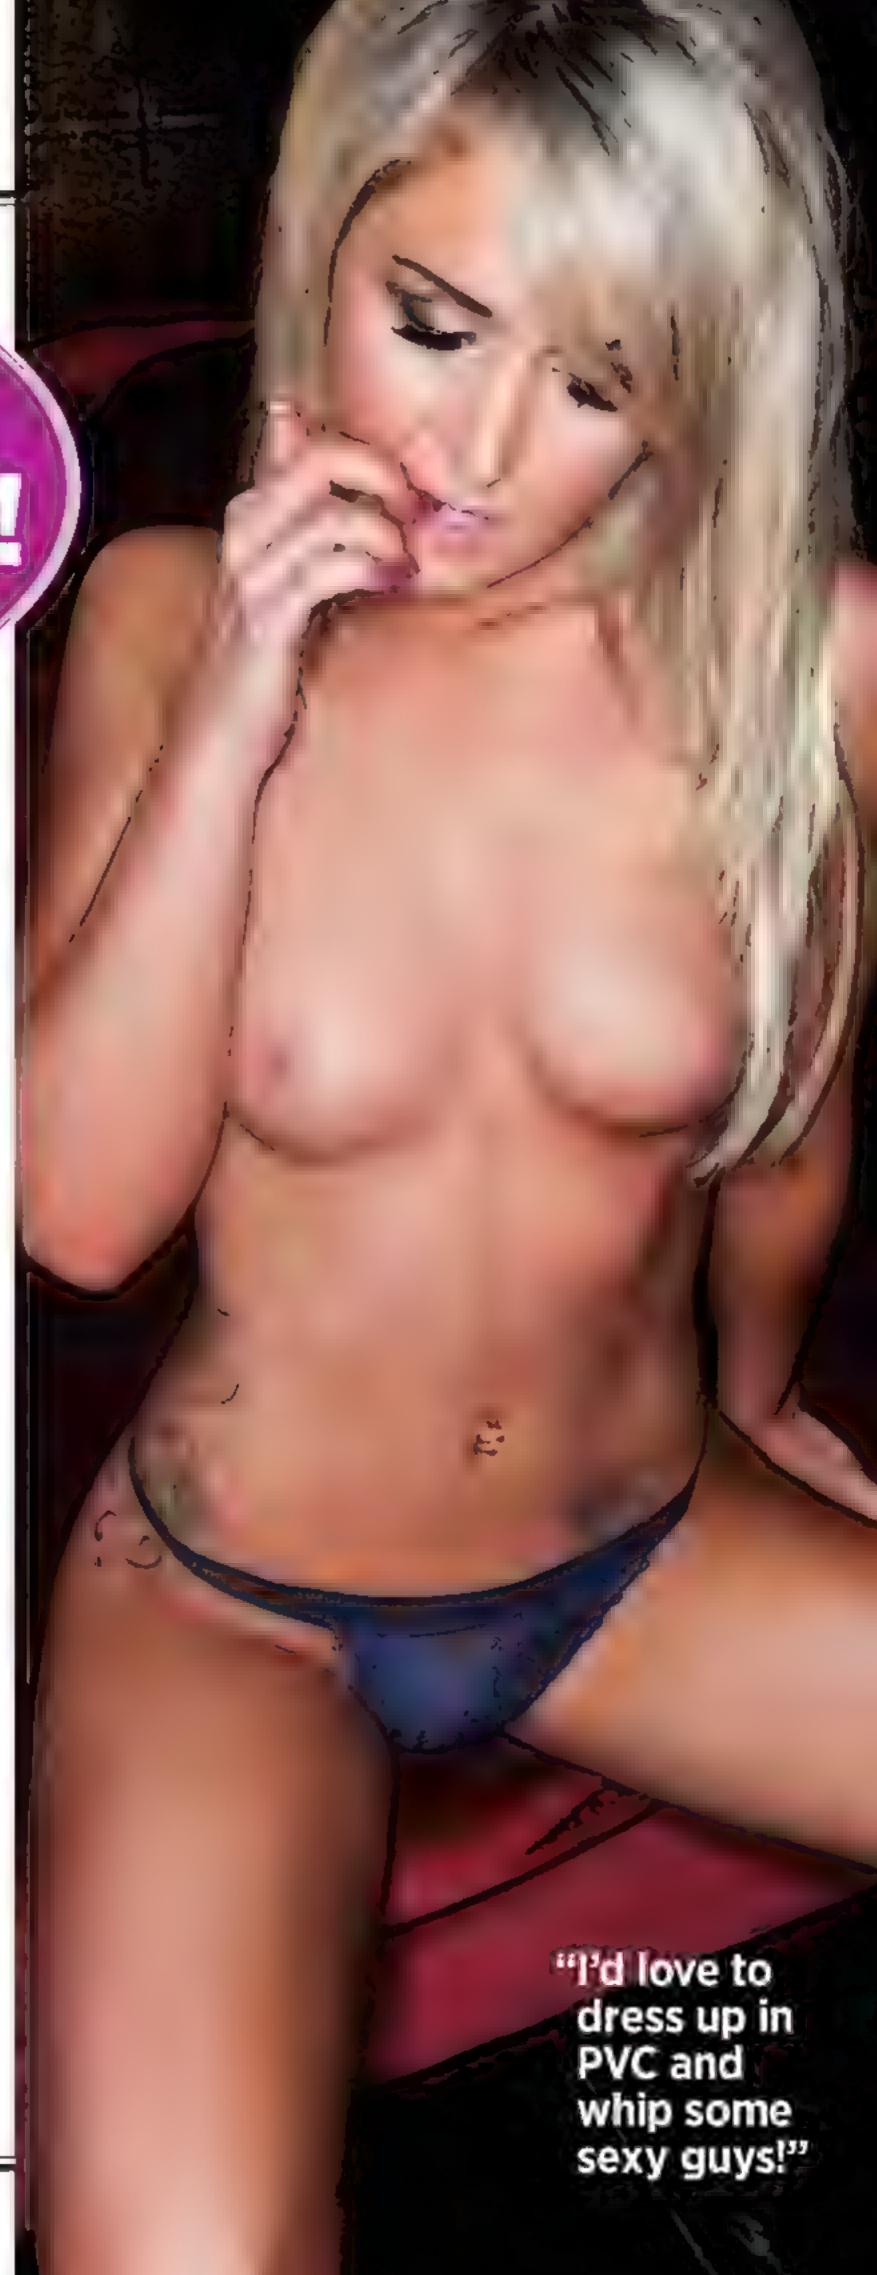

"Oh, Catwoman, for sure.
This kind of outfit shows
off my best assets. I'd love
a few hours of whipping and
chaining some sexy guys in
a black PVC suit!"

Have you ever made a sex tape?

"Not as far as I'm aware!"

10 What's the rudest thing you've done?

"Often I go out without my knickers and bra – I find it invigorating! Once I did this and I didn't realise how short my little black dress was. Let's just say it was lucky I'd waxed!"

Nuts Sport

Brilliantly, the FA have already done this, flushing over £20m lilion down the Fabio Capeilo khazi – almost as much as it cost Chelsea to hire then replace Andre Villas-Boas.

What Roy can learn from Chelsea's triumph

WE ALL cheered
(well, most of us did)
when Chelsea pipped
Bayern Munich to win the
Champions League. But can
England learn anything from
Chelsea's victory? Nuts says,
"Hell yes!" And here's how...

3 REPLACE JOHN TERRY WITH GARY CAHILL!

JT still has a role to p ay with England. Namely
cattering opposition players in off-the-ball incidents and
lifting trophies. Other than that, it's Cahill all the way.

FORGET TOTAL FOOTBALL - PARK THE BUS!
Yeah, having loads of shots on shots on goal is overrated anyway, isn't it? A ground-out 1-0 win, as Woy (and
Barça!) would doubtless teil you, is still a win

IT REALLY

is absolutely ridiculous that Roberto Di Matteo hasn't been offered the job of Chelsea manager on a permanent basis. I've never known, or even heard of, anything like it in football. The only reason I can think of for Abramovich not recognising that he's the man for the job is that the

pair have some personal

differences, because he's achieved the one thing that Roman wanted to achieve.

The right choice of manager is right in front of Roman!

Whoever comes into the job after Di Matteo faces an impossible situation because how can you do better than winning the one thing the owner always wanted? You can equal it, but you can never beat it because Di Matteo has already done it!

What Di Matteo did was very simple - he embraced

the senior players and they united under him.

As an aside, I'm happy to hear Juventus have tried to tempt Didier Drogba to stay in Europe, a better option than going off to China for one last payday. I'd welcome the sight of him in the Champions League to prove to the world that football isn't just about money, it's about the hunger for more triumphs as well.

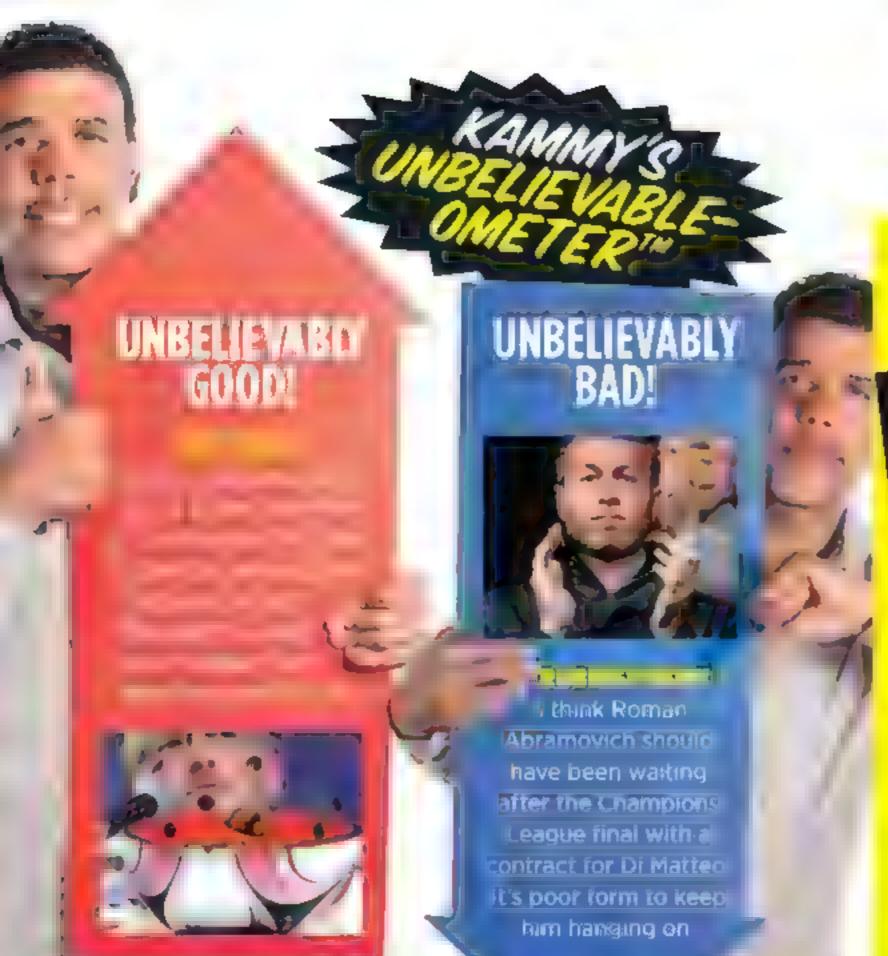

The new boys have a chance!

NEWLY PROMOTED

Reading, Southampton and West Ham will be buoyed by the knowledge that all three promoted clubs stayed in the Premier League last season, two of them comfortably.

Reading will be hungry the run they went on to propel them back into the big time shows that they have desire and work-rate in abundance. Southampton shot up two levels in the same way Norwich did and have players of the quality of Rickie Lambert and Adam Lallana, while West Ham have loads of players with Premier League experience, like Carlton Cole, Kevin Nolan, Rob Green and Mark Noble. They'll all provide a big test for the teams they're joining.

Joey knew it was coming!

I THINK Joey Barton knew he was going to get a ban and fine in the region of the 12 matches and £75,000 that the FA gave him. I just don't know why he didn't apologise, but to continue the argument on Twitter was very odd. It'll be interesting to see what QPR do with a player who's going to miss a third of their season.
